Still thinking about sending them the money. Really want that puppy!

Puppy is stuck in Kansas MO with the shipper. The seller never told me about the shipper needing this crazy \$800 fed before they release the dog. So 11 week old pup is sitting in where for ransom. I am trying to sent the 800 but now they want \$1, 200 for City permit before they will bring my puppy.

Did you get all these fees reimbursed at delivery as Fast Global promises?

The Fast Global Shipper first told me 800 then sent an email for 900. So I thought Christina's Messenger was

hijacked by ransomware

That delayed my reaction by 24 hours. The sellers poor handling of the matter made it worse.

She is stuck in Kansas, MO. The Fast Global shipper are holding her for ransom. I wish the seller had told me about this step. It was a shock

I am not set up on internet pay and cannot get to Wal Msrt. Poor puppy is in prison. I hope they take care of her. Finally got a Pay Pal through around midnight. Seller should not use them or at least disclose to buyers.

I really appreciate the phone calls and text messages from Christina keeping me updated on the arrival of my new puppy. The puppy pak was a great gift to receive for my little one. The instructions I received and the puppy was delivered directly to our house. If anyone is looking to purchase a puppy, I would definitely refer them to Christina .
