[July 17, 2017 at 12:08:26 AM UTC-6] Sean John (seanapril23@gmail.com): Candy listen, I love you; I love you so much that I can do and give up everything just for you. I can accept everything because I really love you, God knows, words are not enough to describe how much I love you so, but then it doesn't mean that because I love you that much I'm goin' to be possessive or whatever. The love I have for you is the kind of love that doesn't expect or ask for anything in return. I'm not trying to force, or expect you to love me the way I love you; I am not expecting that you will love me with same intensity. You, being there at my side, knowing that you care for me, and hearing you whispering "I love you..." are more than enough, and they mean the world to me.

That's his line of expertise. In case you didn't know, anyone in Cali will tell me that my nickname is 'June Cleaver'. I conduct myself just like her, a lady in the street and a freak in the bedroom.

[July 21, 2017 at 2:42:53 PM UTC-6] Sean Diddy Combs & Johnson

(gardenfragrance2015@gmail.com): I hope Sean forgives me for whatever I have done wrong. If

it's for the books, let me explain how it got started. Last August I chatted with Bobby Lorenzo who told me he missed his chance to play Sean on a Tupac movie. I told him that I like to write in my spare time. I asked him if I could write a story that would turn into a screen play for you and him. He agreed. So I started with Thy Evil Side, there are or were 13 episodes published on

Amazon, they are banned now. I used your name as co-author so the series could get more exposure. It was my plan that if the series ever made money to make sure I split it with you.

Then I started A Damsel In Distress. I sent you the manuscripts. I will send Thy Evil Side too.

As far as not trusting you, it's the way you came at me. Claiming you're The Diddy and having a

Nigerian call me. Let me tell you I don't trust Nigerians because they have in fact ran many scams. My father was a hustler like your late father Melvin was. My brother Joseph Johnson Jr is a hustler and a Blood member. My family is very street smart and even though I choose to live an innocent life, I am not dumb.

I have been banned from Amazon you may as well take over. These are yours to do with as you please. If at any time you feel generous, you can give me something like a little money. But I

know your type. You, my dad, your dad Melvin and my brother Joseph are only generous with your children. I can start a new new series of my own. As for the comments I make, you know I

have a hella imagination. Sincerely, Candy Michelle Johnson

Also a subsidiary of the company is the Perlier.com bath and body products of Italy. The white almond bath and body oils are great. Get you and your mom some real Italian olive oil while there.
