Please complete your deposit to accept your quote and you will receive a confirmation email within 48hrs.

Attached is your official non-binding estimate. This estimate is based upon your home goods needed for transport, drive time, floor level, etc. based upon the averages of previous similar moves. The actual total time may be less and or more. You will only be charged for the actual time accrued to complete your move plus any supplies approved by you. The hourly rate is broken down into quarter increments after your minimum hours have been met.

#### Prepare for Your Move

It is important that you prepare by properly packing before the moving crew arrives. The movers will not pack or unpack your belongings if the service is not scheduled. They will only move properly packed, taped, and sealed boxes and will not move items in bags, trash bags, or luggage. If you haven't already reviewed our Terms of Conditions page, we recommend you do so to avoid any problems on the day of your move.

#### Limits of Liability

A household goods carrier's liability for loss or damage to any shipment is \$.60 per pound per article, unless the carrier and shipper agree, in writing to a greater level of liability. It is important you understand what is, and is not, covered by the mover's limits of liability.
