Subject: Requesting return for order #446398

I just received today (11/29/2024) the two OZZIE HEAT Portable Heaters that I ordered on 11/22/2024. I immediately went about reading the "Instructions Manual". Not impressed. The Remote Control had NO instructions.

I could not find any specifications regarding voltage, amperage, wattage in the literature or on the device itself plus they seemed smaller than I had anticipated. So, I have changed my mind about keeping them.

My order number is 446398. Please provide instructions for how I can return them. Thank you, in advance, for your assistance.
