

VIDEO GUIDE

Please turn up the volume, and look and listen carefully

- 1) **Dog posse 1** - When we complained about the stalkers, a dog posse showed up a day or two afterwards!
- 2) **Dog Posse 2** - 2 days after filing a police report for stalking, the dog posse shows up again!
- 3) **Magic Beans** - Look at this couple stop in front of our house start goose stepping and pretending to sprinkle poison or magic beans on our curb grass and lawn.
- 4) **I'm walking PT 1** - This is the same couple (Husband) who we filed a (Stalking) police report against. PT 1 and PT 2 are minutes apart. Notice, the husband comes past our house by himself then stops by the tree and waits for his wife.
- 5) **I'm walking PT 2** - If you listen to the wife as she passes our house, she states "This is common area, and I looked up your site plan." Looked up our site plan for what reason? Then you will notice, she stops down by the tree (With her husband), then he comes back past our house (While his wife stays by the tree) and lets his dog urinate on our lawn. When I ask him politely not to let his dog urinate on our lawn he states "Whatever."
- 6) **Halloween Group** - At the beginning of the video, you'll notice the girl stomping and jumping up and down on the curb grass. Then you will hear the lady state "The house doesn't look very inviting and they're not very nice." We don't even know these people are except for saying good morning in passing! Then you'll hear a lady state "That's not true Maddie, he's very nice, he speaks to me every morning." They continued talking about how nice our lawn is.
